

3 DAYS ROUNDRIP TO THE NORWEGIAN WESTCOAST IN FRONT OF Z1OCN 20 YEARS JUBILEE-RALLY 01.07.2011 – 03.07.2011

Day 1 (Approximately 401 km):

We start from Ole Bjørns home in Stokke wednesday morning. The route will be: Stokke – Kongsberg – Notodden – Seljord – Dalen (famous historic hotel) – Hallbjønnsekken – Setesdalen – we drive the beautiful mountainroad Suleskardveien and end up in Lysebotn where we plan to stay the first night. The last trip down to Lysebotn is a spectacular road. On the mountain above Lysebotn we have the place Kjerag where many crazy people jump parachute from the mountain down to the fjord!

Day 2 (Approximately 335 km):

We start with an early ferry from Lysebotn to Songesand (20 min). We'll see a bit of the beautiful Lysefjorden from the ferry. Further on the route will be Sauda – Røldal – Haukeli – Rjukan where we plan to stay our second night. This day we take a couple of short ferries and drive across more spectacular mountain roads. In Rjukan we can visit the famous powerplant Vemork, known from episodes during WW2.

Day 3 (Approximately 287 km):

Driving distance this day will depend on how good time we'll have – and of course the weather. We have in mind a small detour to a mountain district named Bondal known for beautiful landscape and the old beautiful buildings. This detour will evt increase the driving distance this day with 40 km.

We start this third day from Rjukan and drive across another nice mountain road where we pass the mountain Gaustatoppen. The further route will be Tuddal – Sauland – evt Bondal - Sauland – Notodden – Kongsberg – Hokksund – Vikersund (where we can pay the famous new ski flying arena a small visit) – Hønefoss – Jevnaker – Lunner and end up at Blaker where Z1OCN's 20th
